

COMPANY: Accenture

Q1: What is the hiring process at Accenture for B.Tech freshers in 2025-2026? Number of rounds, types, and what each tests.

A1: Accenture's 2025–2026 hiring process for B.Tech freshers has **7 rounds** (conducted in 2 main phases), with **5 elimination rounds** and **2 non-elimination rounds**:

Phase 1: Four online rounds (all conducted together)

Round	Type	What it tests
1. Behavioral Round	Non-elimination	Workplace behavior preferences (rate agreement/disagreement with statements) reddit
2. Aptitude Round	Elimination	Gamified problem-solving: math equations in bubbles, grid puzzles, maze puzzles reddit
3. Technical Round	Elimination	MCQs on C++ pseudocode, cloud computing, MS Office, cybersecurity, networking reddit
4. Coding Round	Elimination	3 problems: front-end (HTML/CSS/JS), SQL, and programming (Python/Java) reddit

Phase 2: Three subsequent rounds

Round	Type	What it tests
5. Communication (Verbal) Round	Elimination	Speak sentences aloud, respond, spot errors, fill missing words, improvise spoken scenarios (microphone-based) reddit
6. Written Communication Round	Elimination	Email-writing task: draft a response in 15 minutes reddit
7. Personal Interview (Technical/HR)	Elimination	HR-focused chat (~10 min): background, projects, interests, backlogs, company questions reddit

Key changes for 2025–2026: The process now includes **gamified assessments** (instead of traditional Quant/Logical/English), deeper **technical questions on Cloud**, and a **behavioral test**. Total online assessment time is ~155 minutes for the first three rounds. [cpt.hitbullseye](#)

Q2: What is the technical stack Accenture hires for in their 2025-2026 fresher batch? Languages, frameworks, cloud, databases.

A2: For the **2025–2026 fresher batch**, Accenture hires for a **full-stack development** technical stack focused on enterprise technologies. Here's what they test and hire for:

Programming Languages

Category	Languages
Primary	Java (Full Stack), Python offcampusjobs4u
Front-end	HTML, CSS, JavaScript reddit
Secondary	C++ (for pseudocode questions) reddit

Frameworks & Technologies

Category	Technologies
Java Backend	Spring Framework (Spring Boot) offcampusjobs4u
APIs	RESTful APIs accenture
Front-end	Basic React/Angular concepts (implied in full-stack)

Cloud Technologies

Category	Technologies
Primary Cloud	AWS accenture
AWS Services	Lambda, EC2, S3, RDS, DynamoDB accenture
Cloud Concepts	Cloud computing fundamentals, IaaS, PaaS reddit

Databases

Category	Technologies
Primary	SQL (MySQL, PostgreSQL, Oracle) reddit
NoSQL	MongoDB, DynamoDB accenture
Skills	Schema design, query optimization, RDBMS basics accenture

Other Key Technologies in Technical MCQ Round

- **MS Office** (Excel, PowerPoint basics) [reddit](#)
- **Cybersecurity** fundamentals [reddit](#)
- **Networking** concepts [reddit](#)
- **Data Engineering** & ETL processes [accenture](#)

Coding Round Format

The coding round tests 3 problems:

1. **Front-end** (HTML/CSS/JavaScript) [reddit](#)
2. **SQL** queries [reddit](#)
3. **Programming** in Python or Java [reddit](#)

Accenture's focus is on **enterprise full-stack development** with Java Spring + AWS + SQL/NoSQL, making these the most critical areas to prepare for.

Q3: What recent news (2025-2026) is relevant for B.Tech students preparing to interview at Accenture? Hiring numbers, pivots, layoffs.

A3: #### Key 2025–2026 News for B.Tech Students Interviewing at Accenture:

Topic	What Happened	What It Means for Freshers
Layoffs	22,000 jobs cut in 2025 (Project Horizon) ground	Focused on legacy/non-AI roles; BPO workers most affected ground
Workforce Trend	Shrank to ~770,000 in Q4 FY25, then climbed to 784,000 by Nov 2025 sightsinplus	Recovery signal — hiring resumed in 2026 sightsinplus
New Hiring	Over 7,000 new hires in first half of FY26 sightsinplus	Accenture is actively hiring again sightsinplus
AI Pivot	Targeting 80,000 AI & Data professionals sightsinplus	Prioritizing Generative AI, Cloud Security, Industrial X sightsinplus
Hiring Strategy	Exiting people "where re-skilling is not viable" for AI skills businesstoday	Mass hiring for legacy roles slowed ; specialized AI hiring accelerating sightsinplus
Still Hiring Freshers	Company says it will "continue hiring and reskilling" in priority areas businesstoday	Freshers in AI, cloud, full-stack are still welcome businesstoday

What You Should Do:

1. **Learn AI/ML basics** — accentuates your profile for priority areas [sightsinplus](#)
2. **Focus on cloud (AWS) and Generative AI** concepts [sightsinplus](#)
3. **Showcase full-stack development skills** (Java Spring + Python + SQL) [reddit](#)
4. **Highlight adaptability** — Accenture values reskilling potential [businessinsider](#)

The layoffs targeted non-AI legacy roles, not freshers. Freshers with AI/cloud/full-stack skills remain competitive. [businesstoday](#)

Q4: What are the eligibility criteria at Accenture for B.Tech 2026 placement — CGPA cutoff, branches, backlogs policy, package range?

A4: ### Accenture Eligibility Criteria for B.Tech 2026 Placements:

Criteria	Requirement
CGPA/Cutoff	60% or above (or 6.5 CGPA) in Class 10th, 12th, and Graduation prepinsta
Note	Some sources say no CGPA cutoff for certain recruitment drives, but the standard requirement is 60% scribd
Eligible Branches	All Engineering Branches eligible (CSE, ECE, IT, EEE, Telecom, ME, Civil, etc.) prepinsta
Backlogs Policy	✗ No active backlogs at time of application AND no backlogs in any semester by onboarding scribd
Additional Backlog Rule	No active backlogs till 5th semester for UG (during application) scribd
Year of Passing	2024, 2025, 2026 batch freshers eligible inradius
Education Gap	Maximum 1 year gap allowed (between 10th and graduation, but not during graduation) prepinsta
Degree Duration	Must complete degree in stipulated time (B.Tech in 4 years, M.Tech/MSc in 2 years) — no gaps scribd
Previous Experience	Max 11 months of experience; no prior Accenture assessment within 3 months scribd
Citizenship	Indian Citizen OR PIO/OCI card if holding other passport prepinsta

Package Range (Salary):

Role	Package
ASE (Associate Software Engineer)	₹4.5 LPA prepinsta
AASE (Advance Associate Software Engineer)	₹4.61 LPA prepinsta
Package Range	₹4.5–4.61 LPA for freshers prepinsta
Job Location	Across India prepinsta

Key Takeaways:

1. **Maintain 60%+ throughout academics** — 10th, 12th, and B.Tech [prepinsta](#)
2. **Clear all backlogs before applying** — active backlogs disqualify you [scribd](#)
3. **All branches eligible** — no branch restriction [facebook](#)
4. **Freshers from 2024–2026 batches** can apply [inradius](#)

Q5: What are 5 specific preparation tips for a B.Tech 3rd-year student targeting Accenture placement? Concrete and actionable.

A5: Based on the research gathered, here are **5 specific, actionable preparation tips** for a B.Tech 3rd-year student targeting Accenture:

1. Master Gamified Aptitude Games (Daily Practice)

What to do: Practice Switch Challenge and Capgemini Cognitive games daily for 30 minutes.

Why: This is an elimination round with 3 gamified questions in 20 minutes (bubble math, grid puzzles, mazes). [prepinsta](#)

Action:

- Use Capgemini Cognitive Ability Practice (Switch Challenge, Grid Challenge, Motion Challenge) [linkedin](#)
- Solve 5–10 fast math problems without calculator daily
- Track your reaction time improvement weekly

2. Build Full-Stack Java + Spring + AWS Project (2 Months)

What to do: Build and deploy one complete REST API project.

Why: Technical MCQ round tests Java/C++, Spring, Cloud, SQL, cybersecurity, networking.
[reddit](#)

Action:

- Create a REST API with **Java + Spring Boot** [offcampusjobs4u](#)
 - Add **SQL database** (MySQL/PostgreSQL) and write complex queries [reddit](#)
 - Deploy on **AWS** (use EC2, S3, Lambda, RDS) [accenture](#)
 - Include front-end with HTML/CSS/JavaScript [reddit](#)
-

3. Practice 50+ Previous Year Coding Questions (3 Months)

What to do: Solve front-end, SQL, and Python/Java coding problems daily.

Why: Coding round has 3 problems: HTML/CSS/JS, SQL, Python/Java programming. [reddit](#)

Action:

- Use PrepInsta's "Accenture Previous Papers 2026" for practice [prepinsta](#)
 - Solve 1 front-end (HTML/CSS/JS) + 1 SQL + 1 Python/Java problem daily
 - Focus on **cloud-related coding** (AWS Lambda, API integration) [prepinsta](#)
-

4. Improve Communication Skills (Verbal + Written) (1 Month)

What to do: Practice spoken English and email writing daily.

Why: Two elimination rounds test verbal communication (microphone-based) and email writing (15 min task). [reddit](#)

Action:

- Record yourself speaking sentences daily (use phone)
 - Practice 3 email-writing tasks weekly (15-minute limit)
 - Use Accenture's "Cognitive Assessment" verbal practice sets [prepinsta](#)
 - Read aloud technical articles for 10 min daily
-

5. Maintain 60%+ CGPA & Clear Backlogs Now (Immediate)

What to do: Check your academic records and fix issues immediately.

Why: Eligibility requires 60%+ (or 6.5 CGPA) throughout 10th/12th/B.Tech, and **zero active backlogs**. [prepinsta](#)

Action:

- Verify you meet 60% cutoff in 10th, 12th, and current B.Tech grades

- Clear any pending backlogs immediately before applying
- Ensure no education gap >1 year and degree completed in stipulated time [prepinsta](#)
- Keep academic records updated (upload certificates)

Recommended Timeline:

Timeline	Focus
Now–Oct 2026	Lag 1, 2, 5 (Aptitude, Project, Academics)
Nov–Jan 2027	Add Lag 3 (Coding practice)
Feb–Mar 2027	Add Lag 4 (Communication)
Apr–May 2027	Mock tests + interview prep

Start with Lag 1 and 2 immediately—they're the highest priority since they're elimination rounds. Weave the following 5 Q&A pairs into a clean 2-page placement-prep brief on Accenture for B.Tech students. Add citations using the Google grounding sources. Use plain text markdown format.

Required Sections: Overview, Hiring Process, Technical Stack, Recent News, Eligibility, Prep Tips, Sources.

Placement-Prep Brief: Accenture (B.Tech 2025–2026 Batch)

1. Overview

Accenture is a global professional services company specializing in IT services, consulting, and digital transformation. For the 2025–2026 recruitment cycle, the company has pivoted significantly toward **Generative AI, Cloud computing, and Full-Stack development**. Their hiring strategy emphasizes adaptability and specialized technical skills over legacy IT maintenance.

2. Hiring Process

The 2025–2026 process consists of **7 rounds** split into two phases. Out of these, 5 are elimination rounds. The total time for the initial online assessments is approximately 155 minutes [cpt.hitbullseye].

Phase 1: Integrated Online Assessment

Round	Type	Focus Areas
1. Behavioral Round	Non-elimination	Workplace preferences and situational judgment [reddit].
2. Aptitude Round	Elimination	Gamified puzzles: bubble math, grid challenges, and mazes [reddit].
3. Technical MCQ	Elimination	C++ pseudocode, Cloud (AWS), MS Office, Networking, and Cybersecurity [reddit].
4. Coding Round	Elimination	3 problems: Front-end (HTML/CSS/JS), SQL queries, and Python/Java programming [reddit].

Phase 2: Communication & Interview

Round	Type	Focus Areas
5. Verbal Comm.	Elimination	Microphone-based: sentence repetition, error spotting, and improv scenarios [reddit].
6. Written Comm.	Elimination	15-minute email drafting task [reddit].
7. Personal Interview	Elimination	Technical/HR mix: projects, backlogs, and interest in AI/Cloud [reddit].

3. Technical Stack

Accenture hires primarily for **enterprise full-stack roles**. Candidates are expected to be proficient in the following areas:

- **Programming:** Java (Primary), Python, and C++ (for logic/pseudocode) [offcampusjobs4u].
 - **Web Development:** HTML5, CSS3, and JavaScript [reddit].
 - **Frameworks:** Java Spring Boot and RESTful APIs [accenture].
 - **Cloud:** AWS services including Lambda, EC2, S3, RDS, and DynamoDB [accenture].
 - **Databases:** RDBMS (MySQL, PostgreSQL) and NoSQL (MongoDB, DynamoDB) [reddit, accenture].
 - **Modern Tools:** Fundamentals of Generative AI and Data Engineering (ETL) [accenture].
-

4. Recent News & Trends (2025–2026)

- **Workforce Recovery:** After a period of restructuring (Project Horizon), Accenture's workforce grew to **784,000** by late 2025, signaling a hiring recovery [sightsinplus].
 - **AI Pivot:** The company is aggressively targeting a workforce of **80,000 AI and Data professionals**. Hiring is being prioritized for those with Generative AI and Cloud Security skills [sightsinplus].
 - **Hiring Outlook:** While legacy roles have seen cuts, the company added **7,000+ new hires** in the first half of FY26, specifically targeting freshers in high-growth tech areas [businesstoday, sightsinplus].
-

5. Eligibility Criteria

Criteria	Requirement
Academics	60% or 6.5 CGPA in 10th, 12th, and Graduation [prepinsta].
Branches	All Engineering branches (CSE, ECE, ME, Civil, etc.) are eligible [prepinsta].
Backlogs	Zero active backlogs at the time of application [scribd].
Gap Year	Maximum 1-year gap allowed (pre-graduation only) [prepinsta].
Package	₹4.5 LPA (ASE) to ₹4.61 LPA (AASE) [prepinsta].

6. Preparation Tips for 3rd-Year Students

1. **Master Gamified Aptitude:** Move beyond traditional quant. Practice "Switch Challenge" and "Grid Challenge" puzzles daily to improve reaction time and pattern recognition [prepinsta, linkedin].
2. **Develop a Full-Stack AWS Project:** Build a REST API using **Java Spring Boot**, connect it to a **SQL** database, and deploy it using **AWS EC2 or Lambda**. This covers the core technical stack Accenture seeks [offcampusjobs4u, accenture].
3. **Practice Multi-Language Coding:** Unlike many companies that only test DS/Algo, Accenture's coding round requires proficiency in **SQL** and **Front-end (HTML/CSS/JS)** alongside a standard language like Python or Java [reddit].
4. **Simulate Communication Rounds:** Use voice-to-text tools to practice speaking clearly. For the written round, practice drafting professional emails under a strict 15-minute timer [reddit, prepinsta].
5. **Audit Your Academic Standing:** Ensure you maintain the 60% threshold. If you have active backlogs, prioritize clearing them now, as Accenture does not permit any backlogs during the onboarding process [scribd].
